

Nanoleaf Shapes Hexagons

The Nanoleaf Shapes - Hexagons elevate the concept of smart lighting into a creative journey of design. A combination of smart technology and sleek ultra-thin design, the modular LED light panels open limitless possibilities for you to explore, create, and play. Transform your space with multi-sensory experiences like touch interactions, real-time music sync, screen mirroring, and more. Customize and create your own Scenes and Playlists in the Nanoleaf App. To install, simply mount to the wall with the included "no-drill" Mounting Tape. Hexagons are designed to work with future shapes, offering limitless lighting, design and IoT possibilities for your smart home decor.

Perfect For...

- Building your immersive battlestation or home-theatre
- Transforming music into stunning visuals, at home or in the studio
- Boosting your energy for workouts
- Creating the right ambience for yoga & meditation
- Setting up your personal productivity zone for working from home
- Designing a statement wall or ceiling decor masterpiece
- Waking up naturally with gentle light alarms

Modular touch-reactive light panels elevate the concept of smart lighting into a creative journey of design.

Designed with Connect+ technology to work together with other shapes to create mosaics of light.

Enjoy touch-enabled experiences. Watch light panels respond dynamically to your touch or play interactive games.

The Rhythm feature transforms your favorite songs into dancing symphonies of color and light.

With the Screen Mirror feature, your on-screen activity is reflected onto your lights for an immersive entertainment experience.

16M+ colors with 1200K-6500K white light temperature range and brightness control.

Nanoleaf's exclusive LayoutDetect™ technology enables color animations to flow intelligently between panels based on your exact layout.

Flexible control through touch, voice assistants, Nanoleaf App, manual controller, and more.

With Touch Actions, a single press on a Hexagon will activate Scenes to control any or all of your HomeKit products at once.

Hundreds of pre-saved Scenes available right out of the box. Connect to Wi-Fi for customized control.

Simple drill-free installation with the included Mounting Tape.
